- This user guide

Please check that all the parts are present and intact. Contact your dealer as soon as possible if anything is missing or damaged.

## Get acquainted with the B-Speech® RX2

## Charging

1. Connect the cable charger mini USB plug to the mini USB input of the B-Speech® RX2.
2. Connect the USB plug on the other end of the cable charger to the USB input of your PC or laptop. The LED lights up during charging.
3. When charging is done, the LED will go off.
4. Remove the cable charger

## Pairing

### Pairing the B-Speech® RX2 with Bluetooth® Audio source

"Pairing" means establishing a wireless connection between the Bluetooth® audio source and the B-Speech® RX2.

To be able to use B-Speech® RX2 with a audio source, you need to pair them.

After pairing, you can use B-Speech® RX2 with your Bluetooth® Audio source.

### The pairing process in detail

1. Before pairing, please check that both devices are fully charged.
2. Ensure that there is no other active Bluetooth® device around.
3. Turn the RX2 ON by pressing the On / Off button for 7 Seconds. The red/blue LED will flash alternately,

RX2 is in pairing mode.

4. Search for the RX2 on your Bluetooth® Mobile or Bluetooth® Audio transmitter. Pair the RX2 with your device and enter the pairing code „0000“.
5. Both devices should now find each other and pair.  
The LED on the RX2 flashes slowly after successful pairing.
6. The LED of the RX2 will turn blue, when both devices are connected.

**Note:** Some Handsets need to be connected after pairing and require authorisation. Please follow your handset's manual for these additional steps.

### Turning B-Speech® RX2 On/Off

The B-Speech® RX2 is turned on by pressing the On/Off button for 4 Seconds. The blue LED will light up.

The B-Speech® RX2 is turned off by pressing the On/Off button for about 5 seconds; the blue LED will go off.

**Note:** Read the user guide of your Bluetooth® transmitter to find out how to turn it on / off.

## Playing music

1. Connect the RX2 with the delivered audio connection wires with your home or car entertainment equipment or any speaker system.
2. Make sure the transmitter (mobile phone or any A2DP Bluetooth® source) is turned on and paired with RX2 within 10 Meters.
3. The blue LED from the B-Speech® RX2 indicates that a Bluetooth® connection exists by flashing slowly.
4. Send the music from your Bluetooth® source to the B-Speech® RX2

If the connection disappears, the sound is disrupted or breaks down: Move the transmitter nearer to the RX2. If the connection does not automatically follow, start the pairing process again.

### ***Please note:***

1. If for any reason the B-Speech® RX2 does not play any music, it should be restarted.  
To reset the B-Speech® RX2, repeat the pairing process as described above.
2. Normally, the connection between the transmitter and the receiver is established once the pairing process is done.  
The connection can break for the following reasons:

- The distance between the devices is more than 10 meters or there is an obstacle between the devices.
- One or both of the devices have been turned off or must be recharged.

### Note on environmental protection:

After the implementation of the European Directive 2002/96/EU in the national legal system, the following applies: Electrical and electronic devices may not be disposed of with domestic waste. Consumers are obliged by law to return electrical and electronic devices at the end of their service lives to the public collecting points set up for this purpose or point of sale. Details to this are defined by the national law of the respective country.

This symbol on the product, the instruction manual or the package indicates that a product is subject to these regulations. By recycling, reusing the materials or other forms of utilising old devices, you are making an important contribution to protecting our environment.

B-Speech® declares herewith that this device carries the CE mark in accordance with the regulations and standards of the guideline R&TTE (1999/5/EG). It conforms with the fundamental requirements, the appropriate regulations and rules of the guideline 1999/5/EG. You can find the complete declaration of conformity under [www.b-speech.com](http://www.b-speech.com).
